Information Technology Specialist – Python   *Certiport, July 2023*

Information Technology Specialist – HTML & CSS *Certiport, Oct 2023*

Information Technology Specialist – JavaScript   *Certiport, Oct 2023*

Systems Development (SAQA ID: 78965 NQF L4)

Experience

Angular Developer

- **Developed** "CTU Buddy", an innovative college website for students, leveraging TypeScript and Node.js.
- **Delivered** a 95 percent success rate, demonstrating the site's effectiveness and my commitment to impactful digital solutions.
- **Established** a real-time chat environment using a robust C# backend, enhancing user engagement.

PHP Developer

- **Architected '**Tasty**', a comprehensive web-based platform for culinary enthusiasts to manage recipes, showcasing my innovative approach.**
- **Developed a robust CRUD system using MySQL, enhancing the website's backbone and user data management.**
- **Incorporated server-side scripting with PHP, enabling dynamic content generation and real-time interactions for 70 percent of the site's traffic, demonstrating my commitment to user experience.**

Other Skill Sets

- **Gold award**: Won 1st place for development of Employee UI with Code (World Skills competition) (6/2020)
- **Participated in National Worlds Skills Competition**: for IT Business Solutions, 4th place.
